Profile

I am excited to introduce myself as a graduate with a Bachelor's degree in Computer Science and Engineering, from BRAC University, and eager to embark on a dynamic career journey in the software industry as a Software Engineer. With a strong foundation in computer science and a passion for technology, I am well-prepared to contribute my technical skills and analytical mindset to the challenges and opportunities.

Project Works

Here I have attached the links of my frontend projects. It should be mentioned that I have also worked on Full Stack Development. Besides, I have interest in AI, Machine Learning and Data Science. I am continuing my learning process in AI and ML. With my learning I have worked on two small projects.
